Table Tops

Dekton

Table tops are offered in Dekton by Cosentino 20mm slabs. Scinterized stone is ideal for luxury outdoor living with longevity. Plat-O table tops are round or flat-oval shaped with rounded edges for a clean & sophisticated look & feel. Our curated selection of Dekton finishes are Radium, Somnia, Kreta and Neural.

Care & Maintenance:

Due to its practically zero porosity, the ultra-compact Dekton® surface is highly resistant to staining in day-to-day use and from chemical products, making it ideal for use as a kitchen worktop and as a surface for other kinds of work, both inside and out.

For general cleaning, Cosentino recommends the use of Q-Action with a sponge. If this product is not available, the best option is to use a neutral soap and water.
